NOTICE OF COMPLETION OF ROAD WORKS
FIVE POINTS ROUNDABOUT

Dear Residents and Business Owners,

We are writing to inform you that the main works at the Five Points Roundabout which were originally planned for **Monday 17 November 2025** have a revised start date of **19th January 2026**, due to requirements to re-visit the design of the works, (arising from our site investigations).

Our works commencing in **January 2026** will see Erith return to carry out protection and clearance works on the trees and undergrowth. We will also be looking to remove some traffic islands in the carriageway, (which will be replaced with cones/water filled barriers), here may be more investigative works based on our findings over the last few weeks; however, we endeavour to keep you informed prior to and throughout the works as they progress.

You may occasionally notice members of our workforce at the site whilst we return for minor survey and clarification works.

Any questions can be directed to Erith at:

 **5points@erith.com**

 **07824 665247**

Further updates will also be available on the following website:

www.buckinghamshire.gov.uk/five-points-iver

On behalf of the Erith Contractors Site Management Team, I would like to thank you for your patience and understanding once again during these works. We apologise for any inconvenience caused and remain committed to keeping disruption to a minimum as we move into the main phase of the project.

For, and on behalf of Erith Contractors

A handwritten signature in black ink, appearing to read 'Darryl Allen'.

Darryl Allen (Five Points Roundabout Project Manager)
